

## *Celebrate African American Heritage*

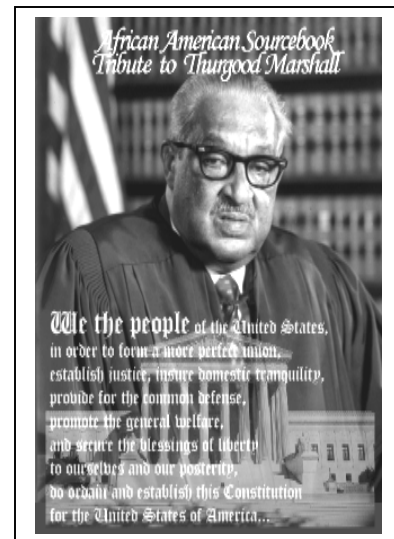

Join the growing number of organizations and law schools who have added the African American Sourcebook: Tribute to Thurgood Marshall to their collections. Harvard, Stanford, and New York University are a few law libraries that have purchased this book. Several organizations are using it as a resource tool for celebrating diversity.

Kevin and Tracy Christophe of Progress Consulting developed the Sourcebook under contract with the Employee Relations Office of the U.S. Administrative Courts in Washington, DC. This office distributed it to the 94 Federal Courts to celebrate African American history in 2002.

It profiles Supreme Court Justice Thurgood Marshall; contains a legal analysis of civil rights issues; has a directory of African-American judges on the Federal bench; and offers cultural items and ideas for celebration activities.
